SAM.gov Active | CAGE 26MD5 | UEI F4H6NW5Y6QS3

D-U-N-S 149992833 | SAM renewal October 19, 2027

CORE COMPETENCIES

AI, automation and evaluation

Model building, open-source fine-tuning, self-hosted AI, agents, search/chat and voice/IVR. Scope evaluation of accuracy, source grounding and prompt-injection defenses before delivery.

Full-stack software and CMS

WordPress/WP Engine, Drupal, Next.js and React/TypeScript; Node.js/Python APIs; iOS and Android apps. CMS migration, managed hosting/recovery and video hosting are scoped per project.

Accessibility and documents

WCAG 2.2 AA / Section 508 evaluation, source remediation and ACR/VPAT reporting; PDF/UA remediation and accessible form-to-webform conversion. Agree scope, testing and acceptance evidence.

Design and multilingual workflows

Design systems, resident usability testing, GA4 and multilingual EN/ES/VI/TL workflows. Human language review, audience validation and analytics delivery are agreed for each project.

FOUNDER EXPERIENCE

JPMorgan Chase - Founder's Experience Design Vice President role.

Microsoft - Founder's Lead Product Designer role; Connected Care.

The Home Depot - Founder's prior-role design work on Pro Xtra.

U.S. Army / U.S. Navy programs - Founder's prior subcontract work; client NDA.

These are founder prior-role experiences. No Newton & Carter LLC government contract past performance is represented.

HOW TO BUY

Share the desired outcome, current system and constraints. We agree deliverables, dependencies, acceptance criteria and a fixed price in writing. Changes and third-party costs are agreed before commitment.

SELECTED NAICS

541512 Computer systems design

541511 Custom computer programming

541519 Other computer related services

541611 Management consulting

541430 Graphic design

Service classifications only; confirm the current SAM-registered inventory for each procurement.

INSURANCE

Review buyer-specific COI, policy limits and endorsements before commitment. Any additional coverage requires broker confirmation and approval.

BROADER PRACTICE

Scope can include data/platform operations, marketing and creative services. Hosting, recovery targets, support coverage, third-party costs and qualified specialists are agreed per engagement.
